

Chaplaincy

The world we live in is diverse and each of us is spiritually, emotionally and physically unique. The chaplaincy is here to listen and come alongside and encourage students at this stage of life, as well as offering spiritual support.

'Imago Dei' Or 'Image of God'. We are all created in the image of God, no matter what our faith, gender, race, income, sexual orientation or role on this earth is, all of us reflect an image or imprint of God.

Connection

Being in a new environment can be challenging. We are here to connect with you and help you connect with others, on campus and beyond.

Reflection

Student life gets busy with deadlines, exams and projects. It can be life-giving to take some time out and reflect on what really matters.

Support

We are here for you when big things happen that you did not expect. We are here to listen and walk alongside you.
